STORY BOOK CAREER

Paul Myron Linebarger was buried February 21, in Arlington Cemetery. His career read like a fiction story. About 30 years ago Dr. Linebarger was a U. S. judge in the Philippine Islands and discovered his Chinese cook was a member of a group of revolutionaries who were working for unified government in China. Through this cook, Dr. Linebarger met Dr. Sun Yat Sen and became advisor to the Chinese government. Dr. Linebarger spoke fourteen languages and wrote books in four. One of his good friends was Haile Selassie, the Ethiopian Emperor, with whom he had attempted to work out a scheme to supply Ethiopia with middle-class shopkeepers. His son, Dr. Paul Linebarger, is carrying on his father's work, having written two books on Chinese affairs and Dr. Sun's political philosophy. The younger Dr. Linebarger is now teaching Far Eastern politics at Duke University.

GUAM ISLAND

What is generally held as the Administration's War Scare Policy received a setback when the House of Representatives defeated, by a decisive vote, an appropriation for starting the fortification of Guam Island in the far Pacific Ocean. Guam is approximately 5000 miles from our western coast, has little, and that doubtful commercial value, and would be a distinct liability from a naval point of view. Its only value, advance the critics, civilian, naval and military, would be a threat to Japan. Tactical military and naval experts state that it would be impossible to defend if war should eventuate.

EXTEND LENDING POWERS

Legislation extending the lending powers of the Reconstruction Finance Corporation and the life of the Electric Home and Farm Authority to June 30, 1941, was recently passed by the House. At the same time, Jesse H. Jones, chairman of the R. F. C. forwarded to President Roosevelt and to Congress a summary of the corporation's activities since its organization February 2, 1932, showing total authorizations of \$13,206,639,807.

SET MARCH 7-14 FOR OBSERVANCE IN CALIFORNIA

All Groups To Aid With Conservation Week Activities

Organization of conservation committees has just been completed in 56 California counties for the fifth annual observance of California Conservation Week, March 7-14.

With support enlisted from every major agency and organization interested in the conservation of the State's remaining natural resources, leaders of the observance were busy this week completing arrangements which began early last November.

The objective forwarded in this year's announcement from the California Conservation Council is to "provide a continuous program of conservation education in schools and homes to develop an attitude of mind and a way of living that is constructive, not destructive."

"This," the council states, "is to aid natural resources conservation by providing the greatest good to the greatest number of people for the longest time."

Hold Programs

Conservation programs during March 7-14 will be held in schools and public and organizational meetings throughout California. The week will also be featured by several exhibits and programs at the Golden Gate International Exposition. Dr. H. N. Wheeler, Forest Service lecturer of Washington, D. C., is now touring California in a series of forestry and conservation lecture engagements.

"Newspapers, magazines, radio networks and organizations in the state have participated in the co-operative educational campaign for greater conservation," said State Chairman Pearl Chase, Santa Barbara. "This conservation," said State Chairman for his own self preservation if for nothing else. I'm proud to say that, taking everything into consideration, the future of California's natural resources conservation looks brighter every day."

County Committee

San Mateo county Conservation Week committee chairmen are B. L. Werder, county fire warden, and F. D. Klyver, San Mateo junior college.

Cato Blames Both Parents And Motorists

Careless motorists who leave keys in automobile ignition locks and parents who apparently do not know the whereabouts of their young boys between 13 and 17 years of age at night were blamed today by Chief E. Raymond Cato of the California Highway patrol for most of the many recent car thefts by juveniles throughout the state.

Many arrests of young car thieves are being made late at night and in some instances officers have had to shoot at the tires of the stolen automobiles as the youngsters have been driving them at speeds as high as 90 miles an hour in an attempt to escape pursuing officers.

"Motorists and parents can both join with us in preventing much of this crime," said Chief Cato here today. "When a car is left unprotected the doors should be locked and the ignition keys removed. Also parents should be certain of the whereabouts of their boys at night as many of the boys arrested are scarcely more than infants. A few days ago our officers pursued one car for several miles at speeds varying up to 90 miles an hour before they could stop it."

Cab Company Has Inaugurated Ambulance Service

Keeping step with the progress of Daly City, the Daly City Cab Service has inaugurated 24-hour ambulance service from the central location of Hillcrest drive and Mission street, from which point, all community districts are easily reached.

To be known as the Mission Ambulance Service, the new well-equipped car will be available by calling RAndolph 9742, the cab company's number.

Hi Swim Pool Now Open To Public

Jefferson Union high school swimming pool opens to the public tonight for the 1939 spring season. Workmen have recently painted, polished, and put the entire plant in excellent condition for the opener.

The pool will be open every night except Sunday from 7 p. m. until 9:30 p. m. It will also be open Saturday afternoons from 1:30 p. m. to 5 p. m. Wednesday evening, however, will be reserved for women only. Instructors will be present to aid any woman desiring instructions in swimming. If there is sufficient demand, a class in beginning swimming for ladies will also be organized.

PROPOSE MILLBRAE BURLINGAME MERGER

Annexation with Burlingame is the most economical way for Millbrae to secure police and fire protection, improved post office service and facilities of a larger community, a speaker announced Tuesday evening before the Millbrae Lions club meeting.

Explaining that Burlingame had a "kindly feeling" toward Millbrae, an official of that city stated that any annexation move must come from Millbrae.

SM Fiesta Abandons Pageant

Evening pageants which, during the last three years, have been offered at the annual San Mateo County fiesta will be replaced by afternoon and evening performances of a rodeo for the 1939 floral fiesta September 21 to 24 inclusive.

Decision to abandon the pageant and replace it with evening performances of the rodeo which received enthusiastic comment last year was reached during the regular monthly meeting of the board of directors of the San Mateo County Fair association Tuesday evening.

Four Rodeo Showings

Rodeo performances will be given Friday and Saturday evenings and Saturday and Sunday afternoons, according to the announcement given out by Secretary Chester Lipman.

Special entertainment to be planned later will be offered fiesta visitors on Thursday and Sunday nights, Lipman said.

Rodeo performances to be offered during the fiesta this year will be practically the same as those given at the Golden Gate International exposition on Treasure Island earlier in the year, Lipman said.

Exposition Show

Harry Rowell, who last year arranged and presented the rodeo here, is conducting the exposition rodeo and will also bring the rodeo back to San Mateo again. Lipman said the 1939 rodeo will excel any others to be offered elsewhere in the state.

Dates for the fiesta were given final approval during last night's session of the fair association. They are the same dates allotted by the state fair commission and have since been approved by Bay Meadows authorities, Lipman explained.

SEVEN STUDENTS GET U. OF C. DEGREES

Seven San Mateo county students were listed among midyear graduates announced Tuesday by the University of California at Berkeley.

Among those receiving certificates of graduation and degrees were: Sumu Okamoto of Menlo Park and George McArthur Posey of San Mateo, in the college of commerce; James Abbott Walker of San Carlos in the college of engineering; and Dorothy Reese Cropley, Marshall Krebs Gebert and Elizabeth Roberts Jackson of Burlingame and Clytie Frances Clousky of Daly City in the college of letters and science.

Ideas For County Day at Exposition Are Sought By Committee Chairman

First ideas—then finances.

This was the program of George J. Davis of Millbrae as he began making plans this week for San Mateo County Day at the San Francisco World's Fair.

Named chairman of arrangements for the county's day at the Treasure Island Exposition, Davis said that he intends to call a mass meeting soon of representatives of all civic, fraternal, patriotic and other organizations, and then from this group secure a smaller committee of men and women, who will be able to work out details of plans.

"First we will get ideas on what the people want to do as this county's share in the World Fair, and then

S M COMMITTEE MAKES REPORT ON CAMPAIGN

"March of Dimes" Gross
Receipts Total
\$5,623.56

The San Mateo County Committee for the National Foundation for Infantile Paralysis today issued its financial report on "The March of Dimes" Campaign, conducted in San Mateo county, for funds to combat infantile paralysis. Gross receipts total \$5,623.56 and the net result after deducting expenses is \$4,862.86. This amount is to be divided equally between the National Foundation and the local San Mateo County chapter.

In San Mateo

George Baker, jr., state director of the National Foundation, in commenting on the conduct of the campaign in San Mateo county, said:

"The result of the 'March of Dimes' Campaign in San Mateo county this year is most gratifying and the returns will show the biggest percentage of increase in this year's campaign receipts over any other county in the State of California, if not in the Nation, when compared with the 1938 receipts or those of any previous year. The increase is approximately 300 per cent and San Mateo county and its committee is to be congratulated upon their generous contribution and the effort put forth to make this campaign for such a great cause so successful."

A complete financial statement of the campaign, giving the amounts collected in each city and district of the county, accompanied the statement.

Local Aid

One-half of the net proceeds of this campaign is deposited with Parker S. Maddux, president of The San Francisco Bank, as trustee for the San Mateo County committee, which fund is to be used locally to aid the victims of Infantile Paralysis and other crippled children. The San Mateo County committee will be named immediately upon receipt of advice from the National headquarters as to the formation of the County Chapter.

Anderson Declares Migrant Problem National

California's migrant problem has become so serious that fifteen of the California congressional delegation formed a committee to deal with this problem and a brief was prepared and sent to President Roosevelt.

Representative Jack Anderson states that "in 1937 some 180,000 persons with families who were in immediate need of employment entered the state; 100,000 in 1938 and it is estimated that about 60,000 will come to California in 1939."

Shack towns have been started in the San Joaquin Valley where there are probably 25,000 living outside any permanent dwellings in tents, old boxes and every conceivable sort of improvised structure. These are former farm families from Oklahoma, Texas, Kansas, Arkansas and Missouri who seek day labor in agriculture.

The brief submitted to the president states that these people having come from other states are a national problem and that they should be given federal rather than state aid. "It is time that something constructive be done," says Mr. Anderson, "to prevent our stricken farm families from becoming gypsies and nomads."

Greyhound Lines Announce Fare Reductions

Drastic reductions in fares throughout the entire state were announced today by Pacific Greyhound Lines, when tariffs, containing reductions in most places of 10 to 20 per cent, and in some instances as high as 35 per cent, were filed with the California Railroad commission to become effective April 1.

W. E. Travis, president of Pacific Greyhound Lines, stated that—"The new fares are not experimental, but permanent reductions. They are based upon a scientifically graduated scale, in which the rate per mile is reduced as the length of the passenger's journey is increased, on the principle 'the farther you go, the lower the cost.' With the exception of a few mountainous routes, the reductions resulting from the new scale are uniformly applicable throughout the state."

"Pacific Greyhound is furnishing California, over its magnificent highway system, the best bus transportation, from the standpoint of frequency and convenience of schedules, superb equipment, and modern depot facilities, of any state in the union. These factors, combined with the increased seating capacity of the new super-coaches, has enabled us to now pass on to the public, lower fares than have heretofore been possible."

ENGINEER PUSHES HARBOR PLANS

Lieutenant Colonel J. A. Dorst, district U. S. Army engineer, recently notified the County board of supervisors that proceedings on the proposal to develop a harbor at South San Francisco would be pushed, following filing of essential information by the South San Francisco Chamber of Commerce.

D C COUNCILMEN APPROVE THIRTY DAY EXTENSION

Steel Strike Delayed
Progress on New
City Hall

DEDICATION DATE

Due to delays caused by the steel workers' strike, Daly City Board of Councilmen granted H. H. Larsen company, building contractors, an extension of 30 days in which to complete the city hall job. At their regular meeting Monday evening the council okayed a request from the Native Sons and Daughters of the Golden West to officiate at dedicatory ceremonies for the new city hall. Dedication date will be announced later.

Bids on lighting fixtures, seats, furniture, and venetian blinds and shades for the new city hall are being called for this week.

The council denied application for a service station at Bismarck and Mission streets, a wrecking establishment on Mission street, and a bolt factory on San Diego avenue.

TRAFFIC SIGNAL

City Engineer R. A. Klassen was instructed to make application to the State Highway department for immediate installation of a traffic signal at Mission and Market streets. Announcement that the cost of the signals could be appropriated from gas tax funds led officials to believe that installation of the signal could be made possible in the near future.

Because WPA allocations are nearly exhausted, Engineer Klassen reported that work on the Vista Grande Park project may soon have to be temporarily discontinued. Work would be resumed immediately upon new appropriations from Washington.

BUILDINGS REMOVED

Building Inspector A. J. Bodien reported that three recently condemned buildings have been torn down.

A new contract with the Daly City Scavenger company was ordered prepared. The garbage company has recently been reorganized.

UNEMPLOYMENT INSURANCE AID HELPS BUSINESS

Nearly \$85,000 Per Day
Distributed Among
State Workers

Nearly \$85,000 a day was poured into the business channels of the state through unemployment insurance payments made by the State Department of Employment to eligible workers during the month of January.

This was announced by John S. Horn, Los Angeles, member of the Unemployment Reserves Commission, who said that statistical data on January payments revealed a total of \$2,627,604.10 disbursed to California's unemployed during that month.

The payments were made in a total of 278,609 checks, Horn said.

Total Amount

The total amount of unemployment insurance paid out up to and including January 31, 1939, Horn said, was \$26,384,787.26 in 2,762,920 checks.

Lion's share of the unemployment insurance checks during January went to Los Angeles county where 104,607 individual checks were distributed in the amount of \$1,023,569.20. Claimants in Los Angeles city itself received 39,982 checks in the sum of \$379,110.82.

San Francisco claimants received the second largest amount of checks with 27,113 in the amount of \$263,918.57 paid to unemployed residents in that city.

Harry I. Hopkins has returned to his home state, Iowa, for a visit. Political observers say the object of his visit was to stir up home sentiment looking to his candidacy for president in 1940. The two Iowa Senators, Gillette and Herring, state emphatically that Hopkins will never get the nomination.

MUSIC-BOOKS-DRAMA

Schedule Symphony For March 14

By popular demand the next symphonic concert to be presented by the Federal Music Project of the Works Progress administration will take place in the Veteran's auditorium, Tuesday evening, March 14, promptly at 8:30 p. m. Nathan Abas will lead the Bay Region Federal Symphony orchestra in the following symphonic program:

"Overture, Marriage of Figaro," Mozart; "Concerto No. 3 in C minor," Beethoven; "Symphonie Fantastique" Berlioz.

In point of novel interest the soloist of the evening, Bernhard Abramowitsch completed a highly successful European concert tour.

LIBRARY USERS PLEASE NOTE

Library borrowers: please take note. Any missing bookmarks may be located on the bulletin board at the Daly City public library this week.

Missing "bookmarks" include such articles as a butter-knife, a powder puff and a safety pin. Dismayed librarians have gathered together all of the unlikely objects found between the covers of returned library books and posted them in plain view for the amusement and instruction of the public.

The articles are grouped under three heads. Beneath the facetious caption "Good" may be found such "bookmarks" as a price tag from a pair of overalls, playing cards of every size and shape, theatre tickets, a cocktail napkin, a flamboyantly-colored valentine.

Classed as "Acceptable" are a stick of gum, a tooth-pick, a huge wire hair pin, a butter-knife, and a chicken feather.

An all-time high is reached by articles catalogued "Very Poor." Here may be seen a thick bathroom tile, a piece of sandpaper, a nail file with a purple handle, a razor blade, and an immense pink powder puff (very grimy).

Any or all of these objects may be reclaimed by their rightful owners upon proper application.

In the meantime, Daly City librarians are more convinced than ever of the old saying that almost anything may be found between the covers of a book—including chicken feathers.

Mr. and Mrs. Albert Toscanini, San Jose avenue, entertained a group of friends at their home Saturday evening. Guests were Mr. and Mrs. Mal Tacchi, Mr. and Mrs. Ed Domenici, Mr. and Mrs. William Brush and Mr. and Mrs. Daniel P. Curtin jr.

No "New Day Pilgrims" In Real Life

Hall Johnson, noted negro choral director and author of the current all negro musical drama "Run Little Chillun" at the Alcazar wants it known that he did not attempt to foist a new cult, religion, theology or belief on the public when he incorporated the scene of the meeting of the New Day Pilgrims in his play. Johnson has been the recipient of hundreds of letters asking for more information regarding the New Day Pilgrims, a further exposition of the philosophy of the creed and some have even asked for representation in their home communities of a chapter of the New Day Pilgrims.

"The New Day Pilgrims," Johnson said yesterday while going over his mail at the Alcazar, "are a mythical group introduced into the play for the sole purpose of creating contrast with the orthodox church group in the second act, the important scene in which the highly dramatic climax occurs. There are no New Day Pilgrims outside the play "Run Little Chillun".

"Run Little Chillun" is now playing its seventh week. Its two appearances at the Golden Gate International Exposition in the Federal Theatre filled the house to capacity as it is doing at the Alcazar.

NATIVE DAUGHTERS IN PARADE

Drum Corps of El Carmelo Parlor No. 181, Native Daughters of the Golden West, paraded on Treasure Island Wednesday of last week in the Washington's Birthday celebration.

The drum corps also participated in the dedication of the California building on Treasure Island last Sunday. Among notable guests was Mrs. Alice Oldham, Grand Trustee of the organization.

WOODROW WILSON SCHOOL NEWS

Woodrow Wilson elementary school celebrated National Boy Scout Week with an outdoor program. The program was conducted by the scouts of the different troops of Daly City.

All uniformed scouts and cubs were assembled in one group on the platform. Scout Henry Herting was in charge of the program. He led the school in the salute and pledge to the flag and introduced the speakers. Scout Kenneth Claussen gave an interesting talk on scouting and National Boy Scout Week. Scout John Mosman talked on the value of Merit Badge Tests. The program closed with the singing of "America" by the whole school.

SCHOOL PAPER

The "Herald," the school paper of the Woodrow Wilson elementary school, is purchasing some scout handbooks. These handbooks will be kept in the school library for the use of the scouts who intend working for merit badges. It is hoped that the scouts will be stimulated to pass more tests. The counselors at the Woodrow Wilson elementary who are qualified to pass merit badge tests are as follows: Miss M. Tobias, Civics, Public Health, Personal Health and Scholarship; Mrs. Marion Hewner, Cooking and Reading; Mrs. Rose Corral, Leathercraft, Art, Basketry and Astronomy.

Mr. and Mrs. George Morgan and children George jr. and Patsy, Moscow street San Francisco, spent Sunday visiting several of their Daly City friends.

Harry Hutchings sr., Miriam street, spent last week end in Reno, Nevada.

Keep Main Street Facing Forward

A Tribute to the Retail Merchants of this Community

Each of us has an obligation . . . a real debt to the merchants of Daly City. Year in and year out, they bear a fair share of the tax load. Some of them pioneered this town. They've molded it into what it is. On their counters and shelves, you find the quality products of the world . . . selling at fair prices.

Let us bear in mind that the dollars we spend with our local merchants stay within the community circle. "Trade at home" is no idle phrase. We urge every citizen to do his or her part in "Keeping Our Main Street Facing Forward." And, in the field of printing, keep your jobs in Daly City.

DALY CITY FORD DEALER ATTENDS SALES MEETING

Administration Building On Treasure Island Is Scene Of Event

Among the group of enthusiastic Northern California Ford dealers who participated last week in the first sales meeting ever staged on the fairgrounds of the Golden Gate International Exposition was A. J. Bertini of National Auto company, Daly City and Colma. The fairgrounds administration building was chosen for the scene of the annual spring merchandising meeting by J. R. Davis, general sales manager of the Ford Motor Company, to honor the elaborate Ford building on the Court of Pacifica, the largest industrial exhibit on the island.

Accompanying Mr. Davis from Dearborn, Michigan, to participate in the meeting was Arthur S. Hatch, Lincoln sales manager. Host to the dealers at the luncheon part of the conclave was C. A. Bullwinkel, manager of the Richmond branch plant of the Ford Motor Company, assisted by Bill Beattie, assistant manager.

Sales Up 50 Per Cent

After paying tribute to the exposition as a spur to improved economic well-being in the western states, Mr. Davis declared that general business in the nation was due for a notable increase and that in 1939 Ford Motor Company sales would be greater by 50 per cent than in 1938.

"Last year we sold 500,000 units," he said. "This year we should sell in the neighborhood of 800,000 Ford-V-8 and Mercury cars."

Discussing production figures with the dealers, Mr. Davis made known that the Dearborn assembly plants and the assembly branches throughout the United States have been maintaining the steady pace of 4,400 cars a day ever since the start of new-model season.

Mr. Hatch told the dealers that Pacific Coast sales activity in the Lincoln-Zephyr price field was unusually satisfactory. "Production thus far in the 1939 model year has been increased five different times," he said, "in order to keep dealers supplied with sufficient cars to fill orders."

Added Luxury in New Plymouth for 1939

Built on a bigger, 114-inch wheelbase, the new Deluxe Plymouth for 1939 is completely restyled inside and out to provide new levels of comfort and luxury for the lowest price field. Headlamps are streamlined into bigger, more massive fenders, giving a richer appearance and also better illumination for greater safety on the road. Length of car now is 182 inches, without bumpers, and a new "Vee" windshield adds more than six inches to body length above the belt. New coil springs of Amola steel (top center) provide a 20% softer ride in both front

and back seats, and this year's remote-control gear shift up on the steering post brings not just one improvement, but three—a wide-open front compartment floor unobstructed in any way; quicker, easier shifting with nothing new to learn; greater safety since the driver's hand never has to leave the wheel. The big cowl ventilator is equipped with a special rain-trap so it can be kept open even in rain or snow, and front-seat adjustments to suit individual leg-length also adjust the eye-level for drivers of any height. Shown above is the Deluxe Four-door Touring Sedan.

De Soto Engineers Use "Charlie McCarthy" For Test

Even the auto engineers have their Charlie McCarthy these days. "Charlie," as the engineers call their dummy, is the latest development for determining the angle of visibility of windshields.

Sitting behind the steering wheel of a 1939 De Soto in a dark room at the Chrysler corporation engineering laboratories, Charlie looks through the windshield. His eyes, two small electric bulbs, throw light through the windshield and side windows, outlining them on a huge white screen that is placed at a certain distance in front of the car. The screen, which is marked off in degrees for accurate measurements, thus reveals just how much the average driver can see through the windshield, and by taking the measure of the light that falls on the screen, the engineers are able to compute the exact angles and areas of visibility provided.

Visibility Increased

On the 1939 De Soto, according to the engineers, Charlie shows that the area visible through the windshield has been increased almost twenty per cent.

The increased area of the De Soto windshield has been largely responsible for this broader sweep of vision, De Soto engineers report. To provide motorists with better visibility, the area of the windshield was increased 123.2 square inches over the big windshield on the 1938 models. The new windshield is four inches wider and one and one-half inches higher.

To approximate average conditions, Charlie is weighted down with one hundred and fifty pounds of lead weights, and his eyes, in relation to the windshield, are placed in the same position as the average driver's eyes. Thus the angle of visibility determined in tests made with Charlie represents the same angle of visibility that would result from tests made with an average person.

De Sotos are sold locally by Donahue and Laufenberg, 6259 Mission street.

Who is Rude?

You would not think of elbowing your way into dinner, knocking your guests right and left, would you?

And you would not think a fellow was a very good sport who crowded ahead of the line at the ticket window, would you?

Well, what do you think of a fellow who does these things when he is behind the wheel? Many a driver seems to think that traffic is a game, and the object is to beat as many other cars as possible.

The driver who straddles the middle of the road furnishes another example of the discourteous individual. Stay safe by driving on the right side of the road except when passing.

The National Safety council asks that you carry into your driving the same good manners and sportsmanship you would use anywhere else.

SAN MATEO COUNTY TRAFFIC SAFETY COMMISSION

AID TO VISITORS

A valuable service being rendered to out-of-state visitors at the Golden Gate International Exposition, is the issuance of Visitor's Vehicle permits, which have been made available by the National Automobile club in its Travel Information exhibit, located in the building known as Vacationland. State regulations require that every foreign vehicle operating in California must have a Visitor's permit.

Competent touring information and superior maps are being disseminated by a corps of qualified and efficient touring directors, who cheerfully serve all applicants for touring information.

WINTER SPORT

For those interested in winter sports, much pleasure may be had from an approximate fifty mile trip into the foothill country adjacent to Sacramento, reports the touring department of the National Automobile club. Pack at these points is light but will allow one to really get into the snow, then as the motorist proceeds further into the hill country, skiing, tobogganing and skating are at his command.

Skids on icy pavements, for the most part, are caused by improperly adjusted brakes, according to L. G. Evans, general service manager of the National Automobile club. When the brake shoe on one wheel takes hold more quickly than the others, a skid is almost inevitable. This can be prevented by having an accurate brake test made at a reputable service establishment. The corrective cost is not great while the saving in life and property may be beyond computation.

AUTOMOBILE PURCHASES BRISK REPORT DALY CITY AGENCIES AT OPENING OF SPRING MONTH

Sales Charts Show Buying Public Favors Roomy Sedan Models

With March coming in like the proverbial lamb, local automobile dealers report new car sales on the upgrade. Ideal motoring weather has helped to keep prospective buyers vacation-minded, as evidenced by the trend to the roomy sedan models, or family cars, over the efficient, but business-like coupes.

Pantaleoni Brothers, Dodge-Plymouth agency, 7046 Mission street, congratulate the following new Dodge owners through O. C. Bartens, general manager: Antonio Iacomini, 152 Park street, San Francisco, Dodge deluxe sedan; Ugo Baldasseri, 615 Broadway, San Francisco, deluxe Dodge sedan; Louis Conti, Box 1745, Dodge deluxe sedan; Walter Dogel, 200 Allison street, San Francisco, Dodge coupe; Mary Fatooh, 732 Chenery street, San Francisco, deluxe Dodge sedan; and Victor Spirea, Box 1, Colma, one-half ton Dodge express.

The local Studebaker agency, managed by William J. Sweeney, congratulates Mrs. Mae S. Doyle, 1076 Brunswick street, on the purchase of a deluxe Studebaker commander sedan, and Ellsworth Frank, 130 Ceritos street, San Francisco, who took delivery on a Studebaker commander sedan.

EXPOSITION CONVENTION

The National Auto company, who serve this area as the agency for Ford, Lincoln, Lincoln Zephyr, and Mercury cars, report good sales. News of the Exposition convention of the Ford dealers will be found in another news item on this page.

The management of the Belli Motor company, Buick and Chevrolet dealers, Mission and Market streets,

offer congratulations to Edward J. Stanley, 5 Santa Ana avenue, San Francisco, purchaser of a Buick deluxe sedan; Paul H. Beuter, 1360 Taylor street, San Francisco, Chevrolet coupe; Z. Goldenberg, 548 Seventeenth avenue, San Francisco, Buick deluxe sedan; Allison H. Rayman, 1450 Green street, San Francisco, deluxe Buick coupe; Michael Scafani, 306 Francisco street, S. a n Francisco, deluxe Buick sedan; and William Barr, 333 Frederick street, San Francisco, deluxe Chevrolet sport sedan.

DELUXE MODELS

Donohue and Laufenberg, DeSoto-Plymouth agency, 6259 Mission street, send congratulations to George Devenenci, 605 San Bruno avenue, San Francisco, purchaser of a deluxe Plymouth sedan; Dr. Guardino, Brisbane, who took delivery on a deluxe DeSoto coupe this week and Lena Ferraro, 1688 San Jose avenue, San Francisco, who purchased a deluxe DeSoto coupe.

The Mission Auto company management, Chrysler-Plymouth agency, 6465 Mission street, congratulates a number of new car buyers this week.

Jack Smith, proprietor of the Daly City Seaside Service Station on Mission street, attended a meeting and banquet of the Seaside Dealers at the Sir Francis Drake hotel in San Francisco, Tuesday evening.

Jack Jr., son of Mr. and Mrs. Jack Ferro, Mission street, has been ill for the past two weeks suffering from a severe cold.

Christian Science Lesson-Sermon

CHRISTIAN SCIENCE CHURCHES

"God giveth to a man that is good in his sight wisdom, and knowledge, and joy." These words from Ecclesiastes comprise the Golden Text to be used Sunday, March 5, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The subject of the Lesson-Sermon will be "Man." Included among the Scriptural selections will be "What is man, that thou art mindful of him and the son of man that thou visitest him? For thou hast made him a little lower than the angels, and hast crowned him with glory and honour. Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet" (Ps. 8: 4-6).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Man, made in His likeness, possesses and reflects God's dominion over all the earth. Man and woman as co-existent and eternal with God forever reflect, in glorified quality, the infinite Father-Mother God" (p. 516).

TROOP NO. 101

Boy Scout Troop No. 101 and Cub Pack No. 101 are holding a whist party tonight (Friday) at 8 p. m. at 601 Hanover street.

A large attendance is expected. Funds will be raised to aid the scouts and cubs in various worthwhile activities.

Prizes to be awarded lucky winners are on display at 6272 Mission street.

GROUP NO. 141

Cub Pack News

Cub Pack No. 141 is growing steadily. A number of new members will be taken in at the next monthly meeting. Several boys have already passed their Bobcat test and have been registered.

All three cub books—Wolf, Bear and Lion—are now available at Mac's Grocery Store, 201 Vista Grande. Before now it has been necessary to go down to the Emporium or Roos Brothers to purchase these books. The change will make it easy for all cubs to get their cub rank books promptly, according to scout leaders.

Aviation Club

Several of the cubs have joined the Aviation club of the Junior Recreational Museum, 600 San Jose avenue. The work there helps the boys advance more rapidly in their special hobby. Last Saturday several of the cubs and the cubmaster spent a profitable two hours at the Museum.

Last Sunday afternoon several cubs and the cubmaster piled into Soy Bean and went for an outing. Pine Park and Thornton Beach were the principal places visited. Everyone had a splendid time, and a frog caught in a spring at the beach by Jack Watso was the cause of a great deal of merriment.

SHORT TALKS

By Lloyd E. Ellis

UPRIGHTNESS

"Lo, this only have I found, that God hath made man upright; but they have sought out many inventions." (Ecc. 7:29)

God created man and gave to him an erect posture. No beast of the field is so built. Man is the only one of all God's creatures that can look freely upward. He only can look up to behold the beauties of the heavens as the mighty work of God.

Not only did God create man to walk upright, but he made him upright in character. Man was made to walk straight, both physically and morally. An honest man is, indeed, the noblest work of the creator, and if man had continued as he was created, all men would be honest and true, clean and pure, in character and deeds. But man did not continue in this primal state of purity. He sought out many inventions; he substituted many ways of his own for the doing of things that an all-wise God had already planned for him. Deceit and wickedness entered into the world because of man's disobedience and resulted in misery and woe to the human family. Only when one resolves to lead a clean life and walk uprightly, can he approach that state in which his creator would have him dwell.

Features and Editorials

SPARERIBS WITH VARIATIONS

Good cooks, they tell us, are born, not made. Be that as it may, the good cook is the one with a flair for taking the simple, ordinary foods and lifting them from the realm of the unusual. And often she accomplishes this with such simple, ordinary things as chili sauce, catsup, and Worcestershire sauce. She uses onion salt and garlic salt or juice with a knowing hand. And what a time saver it is to have these strong flavored seasonings in their convenient glass containers always ready at hand on her pantry shelf.

Barbecued spareribs will always receive the vote of the man of the house and he is sure to vote twice for these stuffed spareribs with the tangy flavor of barbecue sauce. And you will vote for them, too, because you accomplish this result without the bother of frequent basting with barbecue sauce.

STUFFED SPARERIBS

No. 1

1 cup finely chopped onions
2 tablespoons butter
2 cups soft stale bread cubes
1 teaspoon salt
1/2 teaspoon pepper
1/4 teaspoon rubbed sage
2 half-sheets spareribs, 1 1/2 lbs.
2/3 cup chili sauce
1 1/2 cups boiling water
Dash of tabasco

Saute' onions in butter until lightly browned. Add bread, salt, pepper, and sage, tossing lightly with a fork until blended. Place over one sheet of spareribs, cover with second sheet and tie securely or fasten with skewers. Place in roaster or casserole and bake, uncovered, in hot oven (450°F.) 20 minutes, or until ribs are crisp and brown. Mix together chili sauce, water, and tabasco, and pour around ribs. Bake, covered, in moderate oven (375°F.) 1 hour longer. If necessary, add more water during the baking period. Serves 6.

Capers give distinction to the stuffing used in the next recipe. Chili sauce and tabasco make savory the liquid in which the spareribs are cooked.

STUFFED SPARERIBS

No. 2

1 cup finely chopped onions
2 tablespoons butter
2 cups soft stale bread cubes
1/2 cup chopped dill pickles
1 tablespoon chopped capers
1/2 teaspoon pepper
1 teaspoon salt
2 half-sheets spareribs
2/3 cup chili sauce
1 1/2 cups water
Dash of tabasco

Saute' onion in butter until lightly browned. Add bread, pickles, capers, pepper, and salt, tossing lightly with a fork until blended. Place over one sheet of spareribs, cover with second sheet and tie securely or fasten with skewers. Place in roaster or casserole and bake, uncovered, in hot oven (450°F.) 20 minutes, or until ribs are crisp and brown. Mix together chili sauce, water and tabasco, and pour around ribs. Bake, covered, in moderate oven (375°F.) 1 hour longer. If necessary, add more water during the baking period. Serves 6.

Here is a recipe which is a variation of that classic combination—spareribs and sauerkraut, given added zest with chili sauce and Worcestershire sauce.

STUFFED SPARERIBS

No. 3

1/2 cup chopped celery
1 cup finely chopped onions
2 tablespoons butter
1 cup cooked rice
1 cup sauerkraut
1 teaspoon salt
1/2 teaspoon pepper
1 teaspoon Worcestershire sauce
1/4 teaspoon curry
2 half-sheets spareribs
2/3 cup chili sauce
1 1/2 cups water

Saute' celery and onion in butter until lightly browned. Add rice, sauerkraut, salt, pepper, Worcestershire sauce and curry, and mix thoroughly. Place over one sheet of spareribs, cover with second sheet and tie securely or fasten with skewers. Place in roaster or casserole and bake, uncovered, in hot oven (450°F.) 20 minutes, or until ribs are crisp and brown. Combine chili sauce and water and pour around ribs. Bake, covered, in moderate oven (375°F.) 1 hour longer. If necessary, add more water during the baking period. Serves 6.

ABIDE BY RULES WHEN FLYING KITES

Boys and girls are flying kites these days. Recent winds have brought out the urge to make and fly a kite. Already, also, the annual harvest of accidents from kite flying has begun. Electric lines have been burned down and serious property damage occasioned by entangled kites.

The P. G. and E. company is co-operating with police and school departments in a kite flying safety drive. Pamphlets and posters are being distributed in all schools giving simple rules by which children may fly kites with safety to themselves and others.

But the police and school departments cannot supervise the flying of every kite. That is a job for parents. Parents are cautioned as well as their children to see that these rules are carried out. In the old days of vacant spaces inside cities kite flying was a safe pastime. But today with electric lines or trolley wires following every street, danger of bodily harm and property damage is present always when kites fly into the electric lines.

Observe Rules

See that the following rules for safe kite flying are observed:

Never fly a kite near electric or trolley wires.

Never climb poles or yank on the string to untangle a kite. If a kite should fly in the electric lines, call the nearest P. G. and E. office and a lineman, properly equipped, will remove the kite.

Never build or fly a kite with metal or wire in the frame or tail.

Never run across highways while flying kites.

Never use tinsel string, wire, or any kind of twine that has any metallic substance in it. Use only plain cotton or linen cord.

Never fly a kite during a rain storm. A wet string of whatever material is as good as metal for conducting electricity.

Four new five room homes are being constructed on Station avenue, Colma, for Joseph Fabbri, Daly City.

Baby Albert Lagomarsino, son of Mr. and Mrs. Ray Lagomarsino, Colma, is ill.

Hansen Brothers, house movers, have just recently completed the moving of a five room dwelling from Nineteenth avenue, San Francisco, to Eighty-eighth and Sullivan streets, Colma, for Jack Dennis. Mr. Dennis plans to do some remodeling of the home, and when it is completed it will be occupied by Mr. Dennis' son, John Dennis.

Miss Barbara Jensen, Lawndale, will take part in a colorful play and water pageant, March 4, at the Jewish Community Center, San Francisco. The pageant is the first of its kind attempted. About fifty people, ranging in age from 9 years to adults, take the parts. The performance on March 4, will be the second; the first performance was held on February 25.

MOTOR TO SAN LEANDRO

Mr. and Mrs. Walter Davis and son Ronald, Brunswick street, motored to San Leandro, Wednesday of last week where they visited Mr. and Mrs. Frank Abell and infant son Jon. Mrs. Abell, formerly Miss Nadine Moe, made her home for several years with Mrs. Davis' parents Mr. and Mrs. Arthur J. Bodien, Rice street.

San Mateo Jaysee To Give Term Play

San Mateo junior college track men recently defeated the Stanford freshman squad, 66-56, with the Matrons taking nine of the 14 first places. In the indoor meet at Treasure Island, the jaysee relay team lost to the varsity runners of California but defeated those of Stanford.

Dr. Frank Stanger of the college faculty is now offering a Thursday evening class in the history of San Mateo County. The course will include a trip to scenic and historical spots in the county later this semester.

H. N. Wheeler, nationally famous lecturer with the United States Forest Service, will speak at the junior college Monday evening, March 6, on "Reforestation and Soil Conservation." The public is invited.

The junior college golfers recently defeated San Francisco State golfers, and have matches scheduled with local university junior college teams.

Work on the term play, "You Can't Take It with You," is off to a strong start under the direction of Miss Ada Beveridge, director.

This Saturday the college press club will spend the day at the World's Fair. The Engineer's club attended the automotive show in San Francisco and saw the latest features in automotive engineering.

Doug Montell, radio sports-caster, was the speaker at the recent student assembly.

Mrs. Agnes Hanson and son Albert, San Diego avenue, spent Sunday at the Golden Gate International Exposition on Treasure Island.

A marriage license was issued in San Mateo county this week to Nicholas Lettiere, 23, and Rose Brugnone, 23, both of Daly City.

SMOKING MONKEY IS HIT AT EXPOSITION

Reporters were skeptical when John Henry Hewlett came to town with his \$750,000 Musée Mecanique and described what the automatons or clockwork figures in his collection were capable of doing. But their skepticism melted when, in the Hewlett's suite at Hotel Saint Francis, after Mrs. Hewlett had applied a match to his cigarette, this automaton monkey calmly began smoking. The monkey is fitted with seven sets of clockwork. As he smokes he raises his lorgnette, moves his eye-lids and

raises his leather lips in just a suggestion of a sneer.

The monkey was constructed in about 1840 to amuse King Louis Philippe of France. Included in the Hewlett collection are the famous Bird Man made by Christopher Pinchback between 1721 and 1750, a number of mechanical pictures and an automaton orchestra of 27 musicians which plays 33 different selections. The monkey and other members of the collection today are thrilling thousands on the Exposition Gayway.

A Tale of Two Cities

With Apologies to Charles Dickens

You see here a picture of two towns. One tells a story of growth—activity—prosperity. The other suggests stagnation—inertia—slow decay.

Go away from one of these towns for five years and you hardly know it when you return. Everywhere are new buildings, factories, homes. Return to the other after an absence of years and you will find it practically unchanged.

Why does the one town forge ahead while the other sleeps peacefully on? Because in one place the citizens do their buying at home, while in the other they send away for the things they need or go to some

other town to buy them.

Every dollar you spend in your home town is like planting a seed of prosperity for yourself—for your fellow citizens. Buying somewhere else is like a farmer planting his seeds in his neighbor's field. Fine for the neighbor—but not very profitable for the planter.

Your home merchants strive to give you the best merchandise—in the biggest variety—at the best price. Their watchword is service. They earnestly seek to give you complete satisfaction with every purchase.

Give them a chance to show you how well they really can serve you—if you give them your whole-

hearted support. Don't leave it to your neighbors and friends to do the home town buying. Make every one of your own purchases—whether large or small—right here. That's the way to make Daly City grow—make its industries expand—make its real estate values increase.

Help stop those insidious leaks of trade to other places. They are just as costly to you individually as they are to the whole community. Remember, your home town is the goose that lays the golden egg for you. Don't kill the goose. Feed it well by trading at home—and it will pay you well.

MORAL: *Everything Comes to Him Who Trades at Home.*

Mystery Bottle Holds Interest Of Scientists

That the message in a bottle washed up recently at Half Moon Bay may well be of scientific interest if the identity and location of the ship from which it was supposedly thrown can be located, was the information given by H. U. Sverdrup, director of the Scripps Institute of Oceanography at La Jolla.

In answer to a query on the message, which was unsigned but stated that the writer was throwing it overboard March 21, 1937, from the SS La Bourgoyne, off Sumatra, Sverdrup said that it is "barely possible" that a bottle thrown overboard at such a time might reach this coast after two years.

However, since no "La Bourgoyne" is listed in Lloyd's register, there is no apparent way of tracing identity of the ship and whether it was off Sumatra on the given date.

"If it can be definitely established that the bottle was thrown overboard off Sumatra in 1937, the finding of the bottle is of considerable scientific interest because it would establish a definite time interval needed for the drift of the bottle across the Pacific Ocean," Sverdrup wrote.

The bottle was found by Earl and Elmer Clatt and Leo Alfin, all of San Bruno.

Greenwich Village Nears Completion

One hundred beautiful girls, gathered from every section of the country, are undergoing thorough rehearsals daily for the parts they will play in Greenwich Village on the Gayway of Treasure Island.

In the meantime swarms of workmen are rushing last minute details on Greenwich Village proper. Huge paintings, finishing touches on the various habitations, replicas of familiar spots in the original Greenwich Village of New York City, are being installed. When completed Greenwich Village will be a little Bohemian city of its own, with beautiful young womanhood as its dominating theme. Announcement of the official opening day of Greenwich Village is expected shortly.

"The Cowboy and the Lady" Is Lavish Entertainment

Merle Oberon's Beauty Exciting New Foil for Gary Cooper

A lively chapter to the screen's history of romantic comedy has been added by Samuel Goldwyn, who selected titian-haired, langorous Merle Oberon as the lady who gaily steals the affections of strong, silent Gary Cooper in "The Cowboy and the Lady," the comedy romance which is scheduled for its first showing at the Daly City theatre on Sunday, March 5.

The picture introduces the flashing, brunette beauty of Merle as a new and exciting foil for the romantic, outdoor type so completely personified by Cooper. She plays the part of an unconventional society debutante, the daughter of a Senator with presidential aspirations, and the role gives her a chance to be gay, charming, witty and the young person she is. Merle runs out of the Social Register into the cowboy life of Gary, and it's after wedding bells have climaxed the romance that things begin to happen in fun-provoking fashion.

In a word, lovely Miss Oberon, who cinematically used to be exotic and tragic, now has a chance to be "herself," to appear as the wholesome, beautiful modern young woman she is in real life.

As a background for his new romantic team, Mr. Goldwyn has endowed his production with his usual, uncanny magic, with featured roles assigned to such film favorites as Patsy Kelly, Walter Brennan, Fuzzy Knight, Mabel Todd and Henry Kolker.

Companion picture on the new bill to play Sunday, Monday and Tuesday, March 5, 6 and 7, is "Listen Darling," starring Judy Garland and Freddie Bartholomew.

DOWN

1939

Remember when the lights were turned on the Tower of Jewels at the 1915 Panama Pacific International Exposition? So glaringly spectacular... Light in a spangled brilliance. The most beautiful sight that you had ever seen!

Remember the big lamp that stood in the parlor by the piano? Fancy shade. Dark red silk with lace applique. Curlique standard and base. Tassel pull cord. The last word in dressy lighting in the home. Today ideas about lighting have changed. Light for a World's Fair or in the home has been scientifically improved. ☆ Today good modern lighting costs less than ever before. ☆ Today electric rates are the lowest in history. Nearly cut in half since 1915. ☆ Today light bulbs and lamps give more light, better light for better sight. ☆ Today light bulbs and lamps sell at very low prices. ☆ Today light is scientifically tested by the Sight Meter to assure users of getting the most light for the least amount of current.

Brighten up your home for 1939 with Better Light. Enjoy reading, studying, sewing and all other close work with light that is easy on the eyes. Good modern lighting, too, is very soft and flattering both to people and to the home furnishings.

Here is the lamp that stood in the parlor back there in 1915. It looked pretty but the feeble light it gave out wasn't easy on the eyes. Such lamps as these used to cost Fifty Dollars or more.

Here is a lamp that combines beauty and usefulness. Good to look at and the light it gives is easy on the eyes. It is a Better Light for Better Sight Lamp. Such a lamp can be bought for about Fifteen Dollars today.
